**Subject:** Microsoft Settlement

Dear Sir or Madam,

I am writing in support of the settlement the justice department has reached with Microsoft. It is high time that this petty case, brought about by the jealousy of Microsoft's hapless competitors, be put behind the nation. Microsoft has consistently been one of the greatest technological innovators in the world. Particularly at this time of crisis, I believe we should put all our national resources to use for the good of the nation. Our greatest national resource is the entrepreneurship of men such as Bill Gates. I hope that this saga will finally end with this settlement so that Microsoft can continue innovating and improve our lives with new technology.

Sincerely,  
Elie Poltorak
